Re: Improving Public Safety Communications in the 800 MHz Band
WT Docket No. 02-55

Dear Ms. Dortch:

On June 27, 2002, Laura L. Smith and Jeremy Denton of the Industrial Telecommunications Association, Inc. (ITA) met with Paul Margie, Legal Advisor to Commissioner Michael Copps, to discuss the above-referenced *NPRM* seeking comments on improving a public safety-CMRS interference problem in the 800 MHz band. At the meeting, ITA elaborated on a possible compromise proposal that is being worked on by the affected parties in the band.

Sincerely,

/s/ Jeremy Denton
